RE: Closure of Building J  
Clean Harbors Kansas, LLC  
2549 N New York Avenue  
Wichita, Kansas  
EPA ID No. KSD 007246846

Dear Mr. Hossain:

Clean Harbors has made the decision to perform a final closure on Building J at the Clean Harbors Kansas, Wichita facility. The building has not been used to store RCRA waste for the life of the current permit. Building J is currently going through partial closure under the Work Plan and Sampling and Analysis Plan approved by KDHE on October 10, 2013.

After the remediation of the soil below Building J and replacement of the floor, the ceiling and walls will be pressure washed to remove any potential contamination following the procedures outlined in the Work Plan.

A Kansas Certified laboratory will be used for any sample analysis. An independent Kansas registered professional engineer will be present at all sampling events and will certify the closure report and closure certification.

If you wish to discuss this Closure, please do not hesitate to contact me at 669-800-7958. Your favorable consideration is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lon Stewart', is written over a horizontal line.

Lon Stewart, P. E.  
Sr. Compliance Manager

CC: Martin Smith, Clean Harbors  
Lin Longshore, Clean Harbors
